- Certified ScrumMaster (Scurm Aliiance, 2020)
- IBM Microservices - Fundamentals
- Building ScalableJava Microservices with Spring Boot and SpringCloud
- Developing and Deploying Microservices with Microclimate

PROFESSIONAL EXPERIENCE

Senior System Analyst | Project Manager
FWD Insurance (D2S Resources Sdn Bhd)|Aug 2023 - Present

- Led the analysis and design efforts for the front-end of a React Native application, ensuring seamless user experiences for DMS, OWB, and UnderWrite Me modules.
- Collaborated with cross-functional teams to gather and document requirements, translating business needs into technical specifications for development.
- Conducted in-depth system analysis and debugging to identify and resolve performance bottlenecks and critical issues in DMS, OWB, and UnderWrite Me components.

Senior Software Engineer
Maybank | Nov 2020 - Aug 2023

- Developed components for web applications using React, Redux, Router and Axios, improving user experience and speed by 15% with no degradation in performance.
- Implemented single-based application architecture to allow multiple-level projects to run without needing changes to front-end code.
- Constructed Redux reducers to store and process incoming server requests and responses, supplying a proper schema defining JSON- convertible fields.

Full Stack Developer
Maybank (AMK Technology Sdn Bhd)|Jan 2018 - Nov 2020

- Created RESTful web services to build a Service Oriented Architecture utilising Java, Struts, Oracle SQL and JSP technologies, achieving a 25% faster code execution speed.
- XML, Multi-Threading, RestfulWeb Services, Java,Struts, Oracle SQL, JSP technologies.

Developer Intern
Maybank | Aug 2017 - 2016

- Utilised Google Analytics and Google Adwords to identify customer needs and create solutions to address them, achieving a 40% increase in system efficiency and identifying and solving up to 20 security issues.
- Implemented new coding methodologies to address security issues, enabling compliance with the standards established by Central Bank.
